A Portable Home Theatre

Palm size with 700 lumens

- Native WXGA (1280 x 800) resolution
- 700 lumens
- DynamicBlack™ 100,000:1 contrast ratio
- Instant on/off, unplug and go

Powerful SRS sound effect

- 3W x2 unexpected sound performance

Rich multimedia support

- Plug-n-play multimedia playback: film, photo, music
- Windows Office compatible

Wide ranged connectivity

- MHL™ (Mobile High-Definition Link) connectivity
- SD card slot and USB port allow multiple formats playback

Enable wireless projection

- Mirror display via Miracast™
- Digital home multimedia sharing – DLNA
- HDMI® digital connectivity

Acer ColorSafe II

Acer projectors that feature ColorSafe II are virtually immune to color decay — the yellow or green tint of images displayed by some projectors that have been used for extended periods of time. Acer projectors with ColorSafe II take advantage of DLP® technology and Acer's unique optics-based color-compensation technology to guarantee picture integrity even after prolonged use. The resulting extended lifespan and consistent image quality lower the total cost of ownership.

SRS WOW HD

SRS WOW HD is an advanced technology applied for mobile devices. The patented techniques in SRS WOW HD widen the horizontal sound field and raise the vertical sound image, retrieving information lost in the mixing process to create a more natural audio experience.

Acer EcoProjection

Acer EcoProjection with ExtremeEco is a complete environment-friendly power management solution that reduces standby power consumption by up to 70%. Also featured in the Acer EcoProjection suite is Acer ePower Management for customized power-saving configurations.

MHL connectivity

This projector supports MHL™ connectivity (via an MHL™/HDMI® port), which can display uncompressed HDMI® audio/video from any smartphone or mobile device that supports MHL™. This projector will also charge the battery of the connected mobile device. The user can also wirelessly connect this projector to such a mobile device by inserting Acer's unique MHL™ wireless adapter into the projector's MHL™/HDMI® port.

About Acer

Established in 1976, Acer is an information and communication technology company dedicated to the research, design, marketing, sale and support of innovative products that enhance people's lives. Acer's green supply chain delivers environmentally friendly PCs, displays, projectors, servers, tablets and smartphones — tools our customers need to explore beyond limits and experience more. Ranked No. 3 for notebooks globally (IDC 2012), Acer employs 8,000 people, and 2012 revenues reached US\$14.7 billion. Please visit www.acer.com for more information.
