

Atlona 4 Hour Portable Battery

AT-BAT-DIS7PRO

Clip to a pocket and go. The fully portable AT-BAT-DIS7PRO is a rechargeable accessory for the AT-DIS7-PROHD and AT-HD800, allowing them up to 4 hours of use.

Panel Guide

IN port: The Micro USB port is used to recharge the AT-BAT-DIS7PRO. Connect to a PC or wall port to charge. Depending on the start level, it can take 3 to 4 hours to fully recharge the battery.

Power button: Press once to turn AT-BAT-DIS7PRO on. Pressing a second time will display the current power level on the back panel LEDs.

NOTE: The power button will not turn off the battery. The AT-BAT-DIS7PRO will auto turn off after 30 seconds of no connection.

OUT Port: Use this port to power other devices such as AT-DIS7-PROHD or AT-HD800

LED Guide

Power: Green LED will light up when power is on. LED will be off while battery is recharging.

25%: Red LED will light up when checking power if at least 1% power is remaining.

50%: Red LED will illuminate if at least 26% power is left in the AT-BAT-DIS7PRO

75%: Red LED lights up when at least 51% power is remaining.

100%: will light up when the AT-BAT-DIS7PRO has at least 76% power remaining.

NOTE: LEDs will blink while charging until the next power level is reached, then it will go solid.
Ex. 25% will go solid at 26% and 50% will start blinking.
