

Model: AT-HD4-V42

ATLONA HDMI High Speed
4 input/2 output Switcher

OVERVIEW

The Atlona HDMI 4 by 2 Switcher is wonderful for watching media on multiple displays without the need to move devices. Great for home theatres with two mirrored video outputs, such as: flat panel display and video movie projector. The Atlona switcher supports two HDMI 100Mbps Ethernet ports for HDMI Ethernet Channel (HEC) and two Audio Return Channels, reducing the amount of wires necessary for compatible systems. This AT-HD4-V42 gives you high digital performance connection, between four sources and two video displays, without signal loss.

FEATURES

- Four HDMI inputs and two HDMI outputs
- Allows for two bi-directional HDMI Ethernet Channel pass through
- HDMI Audio Return Channel capable
- Supports HDCP
- Supports Deep colors up to 36-bit colors at 1080p 60Hz
- Supports Dolby TrueHD and DTS-HD Master Audio pass through ability when using an HDMI cable
- Digital audio de-embedding through the S/PDIF outputs
