

# EB-U04

## DATASHEET

The whole family will enjoy this Full HD, versatile projector. Whether watching stunning films and games on a big screen or delivering crisp, clear presentations, the stylishly-designed EB-U04 is ideally suited for both the home and office. Easy to move and quick to set-up, users can start watching exceptional-quality content in no time at all.

### 15 years worth of entertainment

With a long lamp and filter life, even if using the projector to watch a movie every day, it would be up to 15 years before either would need to be changed<sup>1</sup>.

### High-quality, bright images

Experience Full HD images that are three times brighter than competitor products<sup>2</sup> thanks to 3LCD technology and equally high White and Colour Light Output.

View your content like never before and pick out even the finest detail with crisp, clear blacks creating clearly defined shadows, all thanks to a 15,000:1 contrast ratio.

### The big picture

Able to take content from a range of sources and display it up to a massive 300 inches, the EB-U04 has two HDMI inputs to allow users to broadcast Full HD digital video and audio content. You can even project photos and documents straight from a smartphone or tablet with Epson's iProjection app<sup>3</sup>.

### Everything included for fuss-free installation

An included carry case makes for easy movement of the projector from room to room. Horizontal and vertical keystone correction mean the projector can be installed in a number of places without distorting the image.

### Eco-friendly features

By varying the lamp power according to what content is being displayed, the EB-U04 can help save energy, while eco-mode helps reduce power consumption and extend lamp life.

## KEY FEATURES

- **Full HD, bright images**  
3LCD technology and equally high White and Colour Light Output
- **Contrast ratio of 15,000:1**  
Deep, rich blacks and dense shadow areas
