

DVD Maker 2

DVD Maker 2

DVD Maker 2 (DVD Maker 2)

With One Click, Your Movies Are Instantly Portable!

Overview

Captures analog videos with one-click

With the one-click function, video editing DVD Maker 2 captures analog videos from any sources with AV/S-video input in CyberLink PowerDirector 10 and saves in MPEG 4/2/1 formats up to 720 x 480/576 (NTSC/PAL) resolution. you can even convert them into your iPod, PSP, or any of your small mobile device.

Create your movies and burns them into DVD/VCD with DVD menu

Transforms the video clips into any of the portable formats for your iPod / PSP / any other portable devices, and enjoy it without black bars or distortions, or burns them into DVD/VCD.

Publish them directly on YouTube

You can upload your videos directly onto YouTube with the bonus software: CyberLink PowerDirector10.

Making high resolution home videos with CyberLink PowerDirector 10 & MediaEspresso 6.5
